

ABS M Bands for 2006

ABS has stepped up to the plate to make a significant difference in the bands for its membership. Over the past couple of years, our "M" band manufacturer has changed hands and with that change has come a change in quality and service. Our bands are now made in Germany and the quality cannot be beat. (The new bands are 4.5mm or 0.177") If you order your bands early, the manufacturer can produce the product early, and be better prepared to meet our demands.

You know how many bands you have ordered each year, so plan for next year's bands now. Make a copy of this page. Take your checkbook and a stamped addressed envelope with you to the copy center. Complete this order form copy at the copy center, enclose the check, and mail it that day. You will be glad you did. Think of it this way, it is just one less thing to do later and you're supporting ABS, all at the same time.

The prices are as follows:

100 M bands = \$ 44.00, 50 M bands = \$ 24.00, 25 M bands = \$ 14.00

- Juniors get their first 25 bands (each year) for only \$4.00.
- A "Prestige" band code will cost an additional \$25 the first year and will cost \$10 each year thereafter.
- The shipment of bands ordered in July, August, or September will be in the mail to you on November 1.
- For orders placed after October 1, allow approximately five (5) weeks for band delivery.

M Style Bands for year _____ No. of bands _____ from _____ to _____

Priority Mail: ___ Amount Enclosed: \$ _____

Name _____

Address _____

City _____ State _____ Zip _____
